### PROFILE

Software Engineering student and Full Stack Developer with hands-on experience building modern web applications using React, TypeScript, JavaScript, Node.js, Python, Flask, and Supabase. Experienced in responsive UI development, REST APIs, database integration, authentication, role-based systems, and building practical software solutions with clean and scalable code.

### TECHNICAL SKILLS

|             |                                                |
|-------------|------------------------------------------------|
| Frontend    | React · TypeScript · JavaScript · HTML5 · CSS3 |
| Backend     | Node.js · Python · Flask · Laravel             |
| Database    | PostgreSQL · MySQL · Supabase                  |
| APIs        | REST APIs · API Integration                    |
| Tools       | Git · GitHub · Docker                          |
| Programming | C++ · Object-Oriented Programming              |

### EDUCATION

Cairo Higher Institute for Engineering, Computer Science, and Management – First Settlement  
B.Sc. in Computer Science — 4th Year

### FEATURED PROJECTS

#### Clinic — Healthcare Marketplace

React · TypeScript · Supabase · PostgreSQL

- Developed a healthcare marketplace connecting patients with doctors and nurses.
- Implemented role-based workflows for patients, doctors, nurses, and administrators.
- Built appointment booking, provider availability, reviews, ratings, notifications, and location features.

#### Learning Management System (LMS)

React · TypeScript · Supabase · PostgreSQL

- Developed an LMS with Admin, Teacher, and Student roles and role-based access.
- Built workflows for PDFs, videos, notes, assignments, profiles, comments, and teacher ratings.
- Integrated Supabase Database and Storage for educational content and file management.

#### Market — E-Commerce Platform

React · TypeScript · Supabase

- Built an e-commerce platform with product browsing, cart, and order workflows.
- Integrated backend services and database operations using Supabase.
- Created a responsive interface optimized for desktop and mobile devices.
